## Shopping Spree is planned

Shoppers will be the winners in a week-long shopping spree sponsored by the Antioch Chamber of Commerce & Industry and its participating merchants.

More than \$400 in prizes will be given away in the form of gift certificates. The shopping spree will be held from Wednesday, Nov. 15, to Tuesday, Nov. 21.

To be a winner, persons can register at any participating store for the grand prize of \$100. Second prize is \$75 and third is \$50.

There will also be more than \$200 given away as "in-store prizes" by the various merchants.

The shopping spree is available to all chamber retail members free of charge. Don Marski, chairman of the retail committee, said he feels it's a great way for retailers to share in an advertising promotion at no additional cost.

## Ground broken for new school

Construction of Antioch's new lower grade school began last Wednesday with a traditional ground-breaking ceremony.

A gold-painted shovel was used for the breaking of the ground while larger earth-moving equipment began doing the big job in the background.

District 34 superintendent Donald Skidmore, school board members, contractors, architects and representatives of the local banks attended the ceremony.

THE SCHOOL, TO BE located just west and north of the Upper Grade School, will include grades kindergarten through five and will have an estimated capacity of 450 students.

According to Dr. Skidmore, the new school was basically designed to eliminate portable classrooms presently being used at Oakland and to absorb students from Channel Lake school.

Upon completion of the new school, Channel Lake will close, since it does not meet state and federal fire and safety regulations.

THE NEW SCHOOL will relieve the present Antioch Lower Grade School of special education students, while still leaving some room for students who may come from new housing developments in the district.

The building itself will be rectangular in shape and will have only one floor.

Its design is described by Dr. Skidmore as "very simple and clean."

There will be a total of 21 classrooms — two kindergartens, one music room, one art room, 15

classrooms and two special education classrooms.

There will be a large library, located in the central area of the building, as well as general offices, special offices, a health room and maintenance and cleaning room.

A MULTI-PURPOSE room will hold the gymnasium and cafeteria, where recessed tables will be folded into the walls before and after the noon-time meal.

A fully-equipped, on-site kitchen will be used to prepare

## Miss Antioch entries sought

Could the girl who is selected Miss Antioch become the next Miss America?

The odds are way against it, of course, but at least it's a start. And a lot of honors await the winner of the Mar. 24 pageant here.

The Chamber of Commerce & Industry will conduct its first pageant at the Antioch High School auditorium.

APPLICATIONS CAN be obtained at the Chamber office, 880 Main St., any weekday between 9 a.m. and 4 p.m.

To qualify, a young woman must be 17 and a high school graduate, and not older than 26 on Labor Day (Sept. 3, 1979).

She must be an American citizen and must never have been married. She must live, work or go to school in Antioch or boundaries set forth by the committee.

TALENT WILL BE considered in the judging and each contestant should possess some quality of talent, either trained or potential.

"We urge civic and social organizations to refer candidates," said Lee Trezise, executive secretary of the Chamber. "Consider the young women you know personally, relatives or daughters of friends, and encourage the girls to enter the pageant."

Judging of the candidates will be based on the same values as considered at the Miss Illinois Pageant and at the national Miss America Pageant.

Personality, poise, beauty and talent are the major requirements. Each contestant will be judged in private interview, in evening gown, in swimsuit and in talent presentation.

For more information call the Chamber office at 395-3381.

## Sorry, no election news

This issue of the Antioch News went to press Tuesday evening before results of the general election were available.

Outdoor gym facilities and parking facilities will be shared with the Upper Grade School.

The name of the school will be determined by a contest which began on Nov. 1 and continues until Nov. 23.

All citizens of school district 34 are eligible to enter the contest. Entries are limited to one per person and must be submitted by Nov. 23 to the district business office at the Upper Grade School.

### Charged with cutting lines

Edward J. Vaughn, 36, of Melrose Park, was arrested last Friday night for "criminal damage to property" after he was observed, police said, by two employees of Lyons-Ryan Ford cutting telephone

lines connected to the Lyons-Ryan building on Rte. 173.

Vaughn was released on \$100 bond. He awaits a court hearing scheduled Nov. 20 at the Lake County Court House.

bank, and the Antioch Savings and Loan Association.

Contest forms can be obtained from any of the financial institutions, all located on Lake Street in Antioch.

The name for the school must fit one of three categories — a name of an internationally famous individual (deceased or living), a name of a locally prominent individual (deceased or living), or a name that characterizes the local community.

APPLICANTS MUST TELL in 150 words or less why they feel their choice is the best name for the school.

All entries will be judged on the quality of the reasons used to recommend the name and whether or not the name fits one of the three categories.

The construction of the school building is expected to cost \$1.6 million. Furniture and equipment will cost approximately \$75,000.

District 34 will assume two-thirds of the cost of the construction. The state Capital Development Board (CDB) will assume the remaining one-third.

Architects for the school are Rehder, Rothermel and Pekkarinen, Inc. of Waukegan. General contractors are Jenkins and Boller of Waukegan.

Dr. Skidmore anticipates the school to be completed, at the earliest, by January of 1980.

However, it is more than likely the school will be completed and open for the 1980-81 school year, he said.

## To The Voters:

I am very upset with what has happened to the voters of this area. Instead of making it easy to cast a vote for the candidates of their choice, our voting populace had to run from pillar to post on election day trying to find a place to punch a hole in a ballot.

My office at the time of this writing, 12 noon on election day, helped 115 persons try to find what precinct and what location they were to vote from. One couple informed me that the husband had to vote in one location and the wife in another, and, yes, they have always lived together. I wonder how many others are still wandering around looking for their polling place.

This confusion will only be heightened in April when I will have to run a village election and perhaps resort to our old village polling places such as the "Village Hall" and "Scout House." Neither of these polling places were considered even though the county was aware that they are available.

What a dilemma to be in come April! We will have to provide roller skates and a merry-go-round for the voters. I joke with tongue-in-cheek because as an elected official I am ashamed and I feel the voters have a right to an apology.

Marilyn J. Sterbenz, Village Clerk  
Antioch

## To the Editor:

This is in response to the "Letter to the Editor" of Oct. 18 by the Antioch Elementary Education Association. Not knowing the full details of both sides of the controversy I won't comment on that — just my impression of their letter.

These "educated" people should have realized that folks in other lines of work have a little common sense of deduction. The sob story is really ridiculous.

How many other people are working for the same salary as the teachers — but working 40 hours a week — 50 to 51 weeks a year? The paragraph stating what the salary is based on should have been a well-kept secret. The teachers are making one whale of a good PART TIME salary (185 days out of 365 = 180 FREE). Some good life with super hours! They also have good medical and retirement benefits. Also, alluding to the fact that they may spend money for job related materials — the majority of the teachers belong to a union — which by definition changes their status from "professional to tradesman." As I understand it, many tradesmen, i.e. plumbers, carpenters to name two, must supply their own tools of the trade. So — what's the big deal? Even doctors, dentists and musicians supply and keep up their "tools of the trade." That's life.

The teachers are not concerned with the education of the students in this case; they are concerned with their pocketbooks and would be better respected if they admitted it!

A concerned citizen and taxpayer

## For Your Information

December 1 is the deadline for the acceptance of disaster loan applications from flood victims in Lake County.

Disaster loan applications are available at Fire Station #2 at 2016 Lewis Avenue in Zion and at the Small Business Administration's district office at 219 South Dearborn Street, in Chicago. The phone number at the latter site is 353-5850.

A. Vernon Weaver, SBA Administrator, has declared Lake County a disaster area as the result of heavy rain and flooding August 19.

Weaver's action, which also covers affected areas in Illinois adjacent to Lake County, enables homeowners and tenants, business people and farmers, churches, private schools and other non-profit organizations in the affected areas to qualify for low-cost, long-term SBA loans to restore or replace damaged property not covered by insurance.

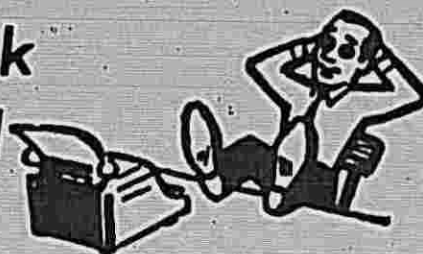

He added that disaster loans may be made for periods of up to 30 years.

Let's go back to 'the good old days'

By JERRY PFARR

Women school teachers really have it made these days. Not only are they paid as much as male teachers (something that doesn't happen in a lot of other fields) but they can loiter downtown in ice cream stores, smoke those nasty cigarets, or even stop for a beer.

Good thing they weren't teaching 55 years ago.

A COPY OF WHAT is reputed to be a Wisconsin teacher's contract for 1922, calling for a salary of \$75 a month, was sent to us by a fellow who thought some of the clauses might be good ideas for 1978-79 contracts.

Here are the details:

- Miss \_\_\_\_\_ agrees:
1. Not to get married. This contract becomes null and void immediately if the teacher marries.
  2. Not have company with men.
  3. To be home between the hours of 8 p.m. and 6 a.m. unless in attendance at a school function.
  4. Not to loiter downtown in ice cream stores.
  5. Not to leave town at any time without permission of the chairman of the Trustees.
  6. Not to smoke cigarets. This contract becomes null and void immediately if the teacher is found smoking.
  7. Not to drink beer, wine or whisky. This contract becomes null and void immediately if the teacher is found drinking beer, wine or whisky.
  8. Not to ride in a carriage or automobile with any man except her brother or father.
  9. Not to dress in bright colors.
  10. Not to dye her hair.
  11. To wear at least two petticoats.
  12. Not to wear dresses more than two inches above the ankles.
  13. To keep the schoolroom clean:
    - a. To Sweep the classroom floor at least once daily.
    - b. To scrub the classroom floor at least once weekly with soap and hot water.
    - c. To clean the blackboard at least once daily.
    - d. To start the fire at 7 a.m. so that the room will be warm at 8 a.m. when the children arrive.
  14. Not to wear face powder, mascara or to paint the lips.

WE DON'T KNOW if school boards have the courage to return to the thinking of 1922, but the above conditions will apply, as of this moment, to the young women working here at the Antioch News.

## Along the way with

Since most of you weren't there, I want you to know that the show at the high school football field last Saturday was just super.

Not only the fact that Antioch beat Grant in football, but the rest of the program ...

It was "Parents Day" and it was very touching and impressive the way the cheerleaders, managers and players paraded along with their moms and dads as they were introduced to the fans.

And it must be mentioned that the pom-pom squad, plus the Sequoit Marching Band with its rifles and flag bearers just keep getting better every time they perform.

Their halftime show was outstanding last Saturday ... congratulations to band director John Olisar and the other teachers who are responsible. "Toga! Toga!"

SATURDAY IS YOUR last chance to try to win a Thanksgiving turkey in our annual contest.

See the entry blanks on pages 14-15. Fill them out and deposit them in the "turkey boxes" at the various places of business.

Last year's turkey winners included Bill Paschke, Terry Hanson, Laura Stewart, Dennis Volling, Gloria Marshall, Bernie Gutowski and several others. Maybe this year you will be among the lucky ones.

MAYOR MIKE HALEY introduced a "resolution to honor Rudolph Karsten" at Monday night's village board meeting.

Rudy was born on Mar. 5, 1908, in Magdeburg, Germany, and migrated to Chicago where he worked for many years for the Karsten and Sons poultry and meat distributing business.

Rudy and his wife, Margaret, moved in 1948 to Lake Villa where he was in the tavern business until 1955. He then retired to reside at 421 Harden St. in the village of Antioch.

Rudy and Margaret have two children, Elsie Quedenfeld of Antioch and Arlene Hanke of Arlington Heights, and four grandchildren.

The mayor said the village wants to acknowledge the fact that, on Oct. 17, Rudolph Karsten celebrated his 50th year as a naturalized citizen of the United States.

MARK AND RITA GARVEY brought home a little blue bundle last week. Benjamin Daniel Garvey was born Oct.

## Scouts are 'helpful, courteous kind'

Antioch's Boy Scout Troop 92 spent the week-end performing a "good deed" for the Lakeview Council Girl Scouts and fulfilling requirements for a service project at the same time.

The boys and their adult leaders travelled to the Hartford, Wis., Girl Scout campsite to take down nine

massive, 15-person tents. They folded and stored the tents and also cleaned the campsite in preparation for winter.

Another major activity for the boys was their more than annual spaghetti dinner on Oct. 15. They served 500 people during the day. Proceeds are used for troop equipment and activities.

### 70 YEARS AGO: NOVEMBER, 1908

Marriages may be made in heaven, but for the real up-to-date, made to order while you wait, divorce, a Fox Lake justice of the peace holds the undisputed claim. A few days ago, a well known Fox Lake woman entered the dingy little office of the village justice, and in a few loud words laid down her case, showing she was a much abused woman and wanted a divorce. In a few minutes, without a court or jury the divorce decree was made out to the woman and she returned home, greatly satisfied with the dispatch with which everything had been carried out, as was her husband. It was not until a day or two later that friends learned of the divorce she had received and it was then that they explained to her that such proceedings could not be legal. The woman and her husband were much surprised that such was really the case and they thought they had been grossly buncoed.

Louis F. Swift, Chicago packer, will erect, south and west of Lake Forest, a mansion of one hundred rooms that will rival that now being constructed by an army of men for J. Ogden Armour. The two great mansions, the most luxurious dwellings by far in the state of Illinois and the central west, will be of marble and will represent the height of pampered luxury. It is estimated the mansions will cost at least 5 million each.

William Garland and William Berg have dissolved partnership as horse traders.

Rev. Havener of Grayslake has resigned his position as pastor of the Congregational church to accept a call elsewhere. Mr. Havener has passed over all unpleasantness and has promised to pray for the people of Grayslake.

### 40 YEARS AGO: NOVEMBER 10, 1938

The Antioch Hotel will be torn down some time in the near future. The hotel is located on the site of the proposed village hall, and is owned by the village.

The Antioch library closed today preparatory to moving from the grade school building to the new location on the second floor of the Kline building, which was formerly occupied by the telephone exchange.

The New Deal is definitely on the way out. This was indicated today when late returns from Tuesday's election gave the Republican party a gain of 78 seats in the House of Representatives.

Forest J. Arnold of Antioch has been granted a patent on a means for clamping on a bus conductor.

Miss Edna Drom, who has been employed as a clerk at Reeve's Drugstore for the past 10 years, left Monday to enter the Hynes School of Pharmacy in Chicago.

The Antioch Girl Scouts in the future will meet at the home of Mrs. M.M. Stillson on Spafford street. For the past year they have been meeting at the home of Mrs. H. Vos but she has moved to Iowa.

### 20 YEARS AGO: NOVEMBER 6, 1958

A congealed carrot was dug out of the ground at Art Hawkins' home on Main street this week. The growth, which has the appearance of a giant orange beet weighs in at a hearty two and one-half pounds. The green topping on the vegetable looks like a miniature bush. Somebody carve the carrot, please.

Antioch's Senior Citizens, are invited to form the first Senior Center for Senior Citizens club here. First meeting will be at the Scout House Wednesday.

Antioch's Joseph Anzinger may have made a major fossil discovery on his job at Crystal Lake, says William Turnbull, assistant curator of fossil mammals at the Chicago Natural History Museum. Tuesday night Anzinger's dredge turned up a giant leg bone probably from a mastodon of about 12,000 to 14,000 years ago. The animals freely roamed this territory at the receding of the ice age.

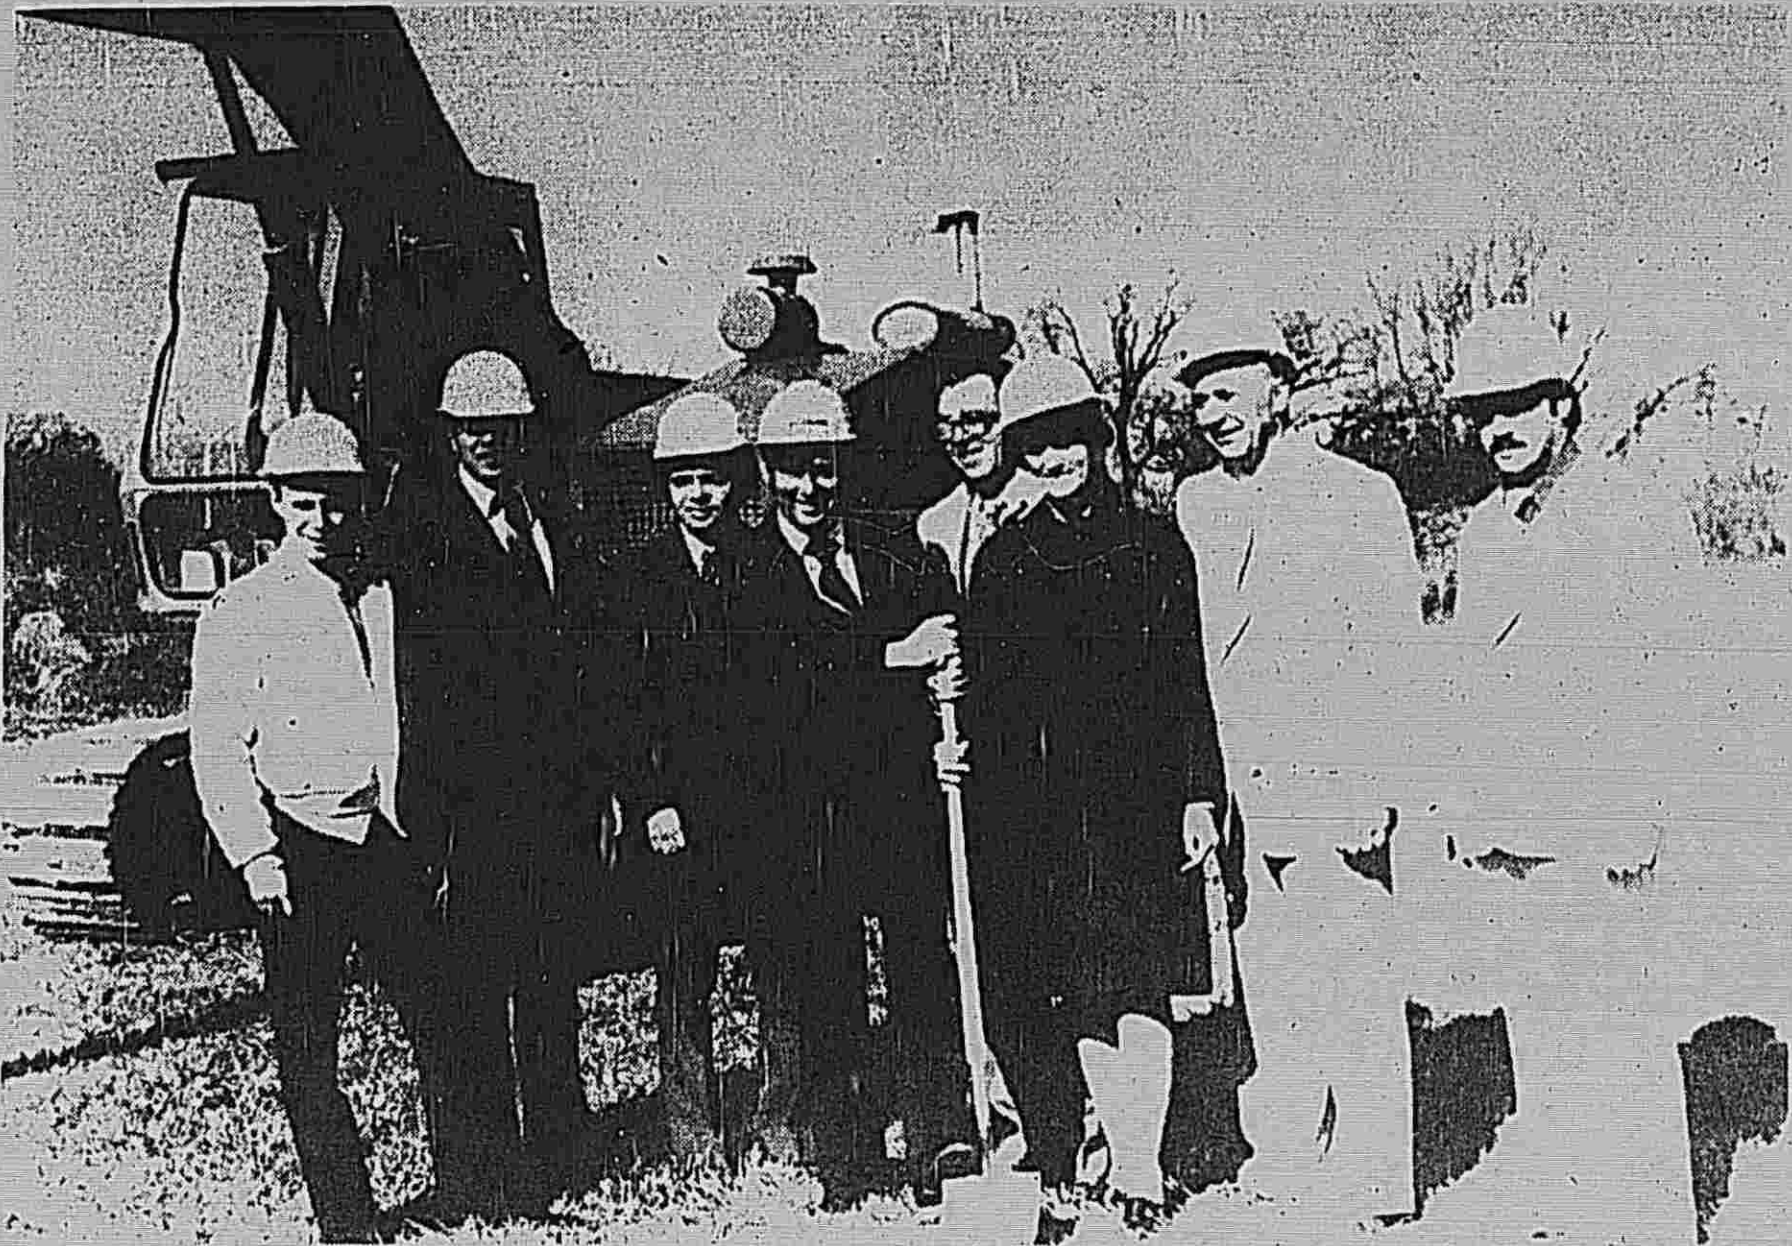

### 10 YEARS AGO: NOVEMBER 7, 1968

A portion of the north wall of the Antioch police department was out Monday - and the safe was gone! But don't panic, folks - the station wasn't robbed - the old safe was just a relic that served no good purpose, and the only way to get it out of the office was to break through the wall. In its place will be a much needed counter and filing cabinets.

Yolanda Holtzee won a \$25 savings bond for her first prize entry in the Chamber of Commerce Halloween Poster Contest. Rita Haley received second prize (\$15) and Dean Waite won third (\$10).

Two of Antioch's cheerleaders were dunked in the shower after the game by the hilarious victors Saturday. Others who were wetted down were the three coaches and the bus driver.

Witches ride brooms on Halloween night, but an Antioch collegian prefers the airplane. Chris Shute, son of the Bill Shute family of Indian Point, arrived at Antioch airport with a pilot friend, after winging their way from Rockford.

## Fire-escape plan told to students

Seconds can save lives when a fire hits your home, and using those seconds wisely is imperative.

The formation of a family fire-escape plan was the subject of a program given by John Scott, regional coordinator of public relations for the Country Companies, when he spoke to the students at Faith Lutheran school in Antioch.

He said development of a fire-escape plan should include mapping the fastest exits from every room — not depending totally on the use of doors and stairs. Also, making sure everyone knows how to escape from each

room, especially his own bedroom; learning the proper way to use doors and windows; learning how to crawl and how to jump; picking an outside assembly point, and learning how to call for help.

PERHAPS THE MOST important part of a family fire-escape plan is practice.

"Test each family member on the fire escape procedure by conducting frequent family home fire drills," Scott recommended. He also discussed smoke detectors.

The "Fire and Your Safe Escape" program was arranged by the Country Companies insurance agency in Lake County.

After the enrollment ceremony, Joanne Bergl was presented a chapter pin for attending three consecutive meetings since her enrollment on Oct. 12.

The chapter's new PA system purchased since the last meeting was put into working order at this meeting.

The library committee will host the card party to be held Nov. 11 at 7:30 p.m. in the Moose home. The following morning the Publicity committee will run a "bubbly" pancake breakfast started at 9:00 a.m. and ending at 11:00 a.m.

## New heart machine at Victory Memorial

Victory Memorial Hospital in Waukegan has purchased an echocardiography machine used for diagnosis of heart problems.

Dr. James Wicks, a cardiologist, said:

"This is a tremendous advance and certain heart diseases are being more widely discussed because of this technology being available. I would call it a revolution in cardiology. Within five years we will see two-dimensional echocardiograms more widely used than at present; this will allow us to almost 'see' inside the heart without an invasive approach."

Dr. Wicks explained that the principle of the echocardiogram is the same as sonar tracking a submarine. A thousand beams per second are transmitted through a small, hand-held device. The sound beams penetrate the chest tissue and heart and then bounce back. The return pulses are picked up by the machine and tracings are produced on a long sheet of paper. The sound waves are not felt by the patient during the exam and there is no radiation exposure such as with x-ray.

## Village helps seniors with taxi fares

Trustees voted Monday night to authorize the village of Antioch to finance a 10-cent increase in the senior citizens' taxi fares.

The senior citizen fare has been increased to \$1.70. The village will now assume 95 cents of the cost while the individual passenger will pay 75 cents.

Trustees approved a request from Pete Pickard of Pickard China to put up a large "highway-size" sign on route 173, just within the village limits.

THE SIGN WILL BE erected on the property of Bob Bemis, who has already given Pickard permission.

Two trustees, Bill Seemann and Donald Amundsen, voted against the request.

Amundsen said he could not go along with the request since the overall policy of the village is to discourage the "proliferation of signs."

However, four trustees voted in favor of the request and the motion carried.

THE ZONING BOARD of Appeals will be asked by the village board to hold a public hearing for changes in zoning ordinances.

Trustees also authorized the village attorney, Andrew Lynch, to draw up an amendment to the plumbing code.

Approval was granted for the purchase of an Opticom sensitizer for one police squad car.

The sensitizer is a device which changes traffic lights in favor of police cars during emergencies.

A RETAIL BEER license was granted to Steve Sodman, North Ave. and Route 83, for the "Open Pantry," a new store being built at that location.

A one-day liquor license was granted for the Thanksgiving Dinner-Dance to be held at St. Peter's Social Center. The fee for the license was waived.

The resignation of Judy Phillips was accepted by the board.

Mrs. Phillips is a member of the Antioch Planning Commission. She and her family are moving to Texas. Trustees authorized payment of \$29,200 to Liberty Asphalt in Grayslake for the paving of streets in Antioch.

## 'Teen Disco' held at Antioch Bowl

The village parks and recreation coordinator, Sue Koppa, reported that a "teen disco" held Sunday night at the Antioch Bowl was a huge success.

Mrs. Koppa said teens at the disco seemed to enjoy the dance performance as well as the dancing.

The performance was given by instructors from the Arthur Murray studio in Kenosha.

DISC JOCKEYS from WLIP-AM and WJZQ-FM, Kenosha, were there to help with the announcing.

Larry Hanson, Tom Surrock and Ray Scarpelli, from BJ's Fashions for Men, and Jamie Grunewald, Ann Dvorak and Wendy Walker, who served as models for Gibbs & Jenssen's Carousel, participated in a fashions show.

The climax of the evening was a disco dance contest.

FIRST PLACE WINNERS were Lisa Wittbrodt, who received a \$25 gift certificate from the Carousel, and Chris Brown, who received a vest and slacks from BJ's.

Second place winners were Pam Schroeder, who received a \$15 gift certificate from the Carousel, and Jim Washack, who received a pair of slacks from BJ's.

Third place winners were Roberta Palmi, who won a \$10 gift certificate from Carousel, and Rich Zeman, who won a pair of slacks from BJ's.

Fourth place winners, Patty Shartz and Tom Tudor, received record albums.

Mrs. Koppa said the sponsors of the disco were: BJ's Fashions for Men, Carousel, John Teresi Chevrolet and the Antioch parks and recreation department.

Joe Sterbenz donated Antioch Bowl's facilities for the evening.

## Happenings around our community

Chapter 387 has scheduled a "white elephant" sale Tuesday, Nov. 28. Proceeds will be used for the chapter's Christmas Party.

The chapter meets the second and fourth Tuesday of each month at St. Peter's Frawley Hall.

Frances Winiecki, public relations chairman, said the Antioch chapter's president, Esther Aiani, was featured in a recent issue of Modern Maturity magazine, along with mention of the community's bicentennial sawmill.

## Fever in children

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By DON MENDRALA

Infections almost always produce fever. Since fever is an indication of illness, you should consult your doctor if the fever persists more than two days, is unusually high (more than 104 degrees), or if the child appears to be unusually sick.

Fever in an infant (less than one year) should always be reported to a doctor.

CAREFULLY FOLLOW the directions enclosed with your thermometer or consult your pharmacist.

Be sure the child drinks plenty of fluids. It may be easier to get the child to drink fruit juice or soft drinks than water. The fluids will prevent dehydration and make the child more comfortable. A child with a fever usually does not have much of an appetite, but this will improve as he feels better.

THE CHILD should be lightly dressed and lightly covered. If the child is covered with blankets or heavy clothes the fever may go higher because he will be unable to lose heat from the skin.

Mild fever (less than 102 degrees) is generally not dangerous and may not require treatment. Aspirin or acetaminophen will not cure the cause of fever but may reduce the fever and make the child feel better.

Children's aspirin is usually 1 1/4 grams (80/mg). Acetaminophen is available as a tablet or liquid. The latter may be more convenient and easier to use. Aspirin and acetaminophen are equally effective fever reducers.

# ANTIOCH TRAVEL AGENCY

## Celebrates 20<sup>th</sup> Anniversary

### OPEN HOUSE

WEDNESDAY, NOVEMBER 15, 1978  
12 Noon to 6 p.m.

PREPARING TO WELCOME the public at the 20th anniversary Open House of Antioch Travel Agency next Wednesday (Nov. 15) are owner Dottie Daniels, seated, and (standing from left to right) Gwen Motto, travel consultant; Ingrid Fischer, manager; Valerie Baczynski, travel consultant, and Ruth Burke, travel consultant.

#### Antioch Travel Agency has come a long way...

ANTIOCH TRAVEL AGENCY was developed by Gwen and Bob Motto 20 years ago at 601 N. Lake St. after realizing that Antioch needed the services of professional travel consultants.

They developed a very successful travel agency by promoting a friendly and helpful atmosphere. ANTIOCH TRAVEL AGENCY grew and was relocated at its present location, 425 Lake St., in 1963. Dorothy and Walter Daniels purchased ANTIOCH TRAVEL AGENCY from Gwen and Bob in 1972.

"We soon saw the need for expansion, thus opening ANTIOCH TRAVEL AGENCY'S first branch office in Zion, Illinois in 1974," said Wally and Dottie. "The branch office became known as Advance Travel Agency. With the growth and expansion of ANTIOCH TRAVEL AGENCY, our clients' satisfaction and interests have always remained most important to us and our staff. We feel that there is nothing too small or too large for our staff to take care of, whether it is a one way airline ticket from Chicago to Milwaukee or an around the world cruise. Giving our clients of Antioch and surrounding areas the most for their travel dollar and the best possible service is our most important goal. We can do this with our knowledgeable and friendly staff's combined 69 years of travel experience.

"Come and help us celebrate ANTIOCH TRAVEL AGENCY'S success and 20th Anniversary at our OPEN HOUSE on WEDNESDAY, NOVEMBER 15 from 12 Noon to 6:00 P.M."

The Little Gallery has made some changes. First off, the attractive card store has moved behind Barnstables in the Park Avenue Mall.

The move brought about a name change, and what could be more fitting than the Park Avenue Gallery. The new owners, LoAl Clark and Susan Siwula, will continue to stock cards, gifts and crafts but will have a new line coming in several weeks — gag gifts.

The Park Avenue Gallery looks the same with the exception of two smiling faces to help you instead of one. Good luck LoAl and Susan. We can't forget to mention that we'll miss Sharon Teaters, but wish her well in her new venture.

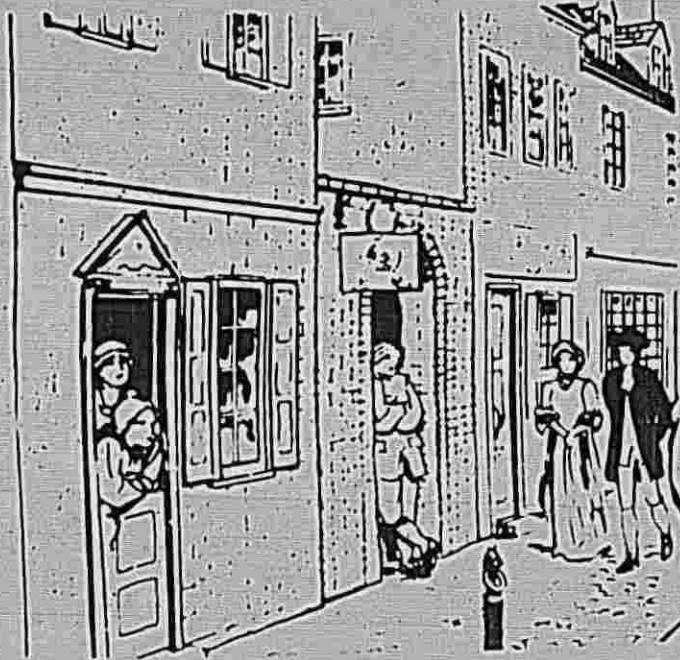

ANTIOCH TRAVEL AGENCY is celebrating its 20th anniversary by holding an open house next Wednesday, Nov. 15.

After working the past month around carpenters, electricians and telephone workers, Dottie, Ingrid, Ruth, Valerie and Gwen are proud to display their new office. It looks super and characterizes a travel agency continually on the move.

Try to join Dottie and Wally Daniels next Wednesday. You could be one of the many winners of some great door prizes.

PAT SIKORSKI CALLED with some interesting information.

Seems this Friday, Nov. 10, is the 201st birthday of the United States Marine Corps. and Pat and several of his ex-marine buddies thought it warranted a special salute. And so do we (we're the last people who want to mess

around with those big guys.)

Happy birthday, United States Marines!

# Great finish makes a successful season

## Sequoits defeat Grant in thriller

By JERRY PFARR

How do you make a success out of a 3-6 football season? By winning your last three games, of course. That's what Antioch's Sequoits did, erasing most of the frustrations they suffered earlier in the season.

The Sequoits closed their campaign by scoring a thrilling 14-8 victory over their favorite rivals — Grant's Bulldogs — in last Saturday's "Parents Day" game.

On the two previous weekends, Coach Steve Wapon's first varsity team had scored 37-6 and 41-6 victories over Wauconda and Round Lake.

ANTIOCH'S LUCK BEGAN to change after four conference losses by a total of only 15 points.

First, the Sequoits lost to Warren, considered a state power, 9-0.

Then they fell to Lake Zurich 17-14, Stevenson 16-14 and Grayslake 32-31. With a few breaks, Antioch could have been 6-1 in the conference to finish second behind Warren.

But nobody is looking back. Next year should be interesting. The Sequoits apparently are making great progress with their ball-control offense and also on defense.

COMING BACK NEXT SEASON are Jim Sertic, who saw considerable action at quarterback as a junior, and some talented junior ball-carriers: Denis Flaschner, Mitch Case and Greg Stevens. There also are experienced juniors and sophomore John Eckert coming back in the line.

Antioch finished with 151 points in conference play, second only to champion Warren's 156.

Warren averaged 22 points a game and held its rivals to an average of 3. Antioch averaged 21½ points a game and limited opponents to an average of 14.

THE ANTIOCH-GRANT game was as close as the score indicates — in fact, closer.

Each offense ran 56 plays, each defense was so tough that punters had to be used 12 times, yet each team managed to run or pass for approximately 200 yards via some exciting long-gainers.

The difference was the come-from-behind touchdown.

Antioch's Greg Bodin scored with four minutes remaining, after Grant had taken an 8-7 lead with nine minutes to play.

IN THIS TRADITIONAL rivalry they don't battle for a Little Brown Jug or an Old Oaker Bucket, but the winners are guaranteed a year of happiness while the losers aren't supposed to smile at least until next November.

Grant's coach, Darrell Baxter, was in the proper mood immediately after the game when, standing alone, he said softly:

"I don't have anything to say. I'm too upset right now."

Antioch's Steve Wapon, on the other hand, was beginning his year of happiness. His Sequoits had just won their third straight game after losing their first six — three of them in the final seconds.

PASS INTERCEPTIONS by Dan Crichton and Scott Schroeder helped save the win over Grant. Crichton also kept Grant from scoring another touchdown by tackling a

ROB NAUMAN THREW his sixth touchdown pass of the season Saturday as Antioch beat Grant 14-8 in the Sequoits' final game here. Photographer Paul Maplethorpe made this shot of Nauman as he connected on a 22-yarder to Scott Schroeder in the end zone.

Billiards were first played in America in 1565 in St. Augustine, Florida.

WHO'S GOT THE BALL? That's what opponents have been wondering in recent games when Antioch quarterback Rob Nauman handed off (or didn't hand off) to running backs like Denis Flaschner (30). (Paul Maplethorpe photo.)

### SPORTS SHORTS

The Antioch Upper Grade School girls softball team recently completed a successful season. Their conference record, 5-2, placed the Apaches third in the eight team conference.

Only a one run loss to Lake Zurich prevented the Apaches from finishing in a three way tie for first place with Gavin and Woodland. Coach Rick Herdlika was pleased with the progress the girls made throughout the season.

### Field hockey team closes with victory

The Antioch High School field hockey team ended its

season with a 1-0 victory over Maine East.

Shelley Ester scored the lone Antioch goal early in the first half. The defense played well, and the goal was enough in a game that was abbreviated because of darkness.

The victory left the Antioch girls with a 3-9-1 record.

The scoring leaders for

the season were senior Barrie Kovach, junior Beth Mueller and freshman Tracy Manuel.

The team improved over the season and will have many experienced players returning for next year.

"Antioch will again have a tough schedule but will be competitive," said coach Christy Coolidge.

## Viking heavyweights gain playoff berth

Closing their regular season with a 20-0 victory over Fox Lake the Antioch Viking Heavyweights will take their 7-1 record into the playoffs Sunday.

They will be meeting a strong Winnetka team for the championship of the Northern Illinois Junior Football League.

Last Sunday's game against Fox Lake was marked by some tough defense on both squads, but in the end it was Antioch's offense that proved to be the difference.

The Vikings' first T.D. came in the first quarter on a five-yard plunge by Andy Lehn. The extra points kick was wide.

Early in the second half Derek Olsen hoodwinked the Cardinal defense by keeping the ball on a 3rd and short yardage play, going 23 yards around end for a T.D. The try for extra points hit the upright.

Later in the third quarter, Lehn went into the end zone, on a 24-yard reverse for the final Viking T.D.

The championship playoff game against Winnetka will be held at New Trier East High School at 2 p.m. Sunday.

The Vikings are seeking to avenge their only defeat which came early in the season at the hands of Winnetka.

### Cross-Country runners end their season

Antioch High's varsity cross-country team finished its season Saturday by placing 15th in the Fremd sectional meet at Palatine.

Antioch's leading runners were Jim Eller, who ran 50th in the huge field, and Dave Unrein, who was 67th.

Deerfield's Tom Stevens won the individual title to help the defending state champion Warriors qualify for the Illinois High School Association finals.

The Warriors, plus the other top five schools, will compete in the finals Saturday in Peoria.

The Antioch girls team ran in a U.S. Track and Field Federation meet at Crystal Lake, placing 11th as a team. Carrie Corso was 27th individually for Antioch and Gail Plechaty was 31st.

### SPORTS SHORTS

The Apache boys fast-pitch softball team for Antioch Upper Grade School completed another season, finishing with a first place tie for the third year in a row. The 1978 team was highlighted by good pitching and an outstanding defense. Coach Bill Anderson praised outstanding players: Stan Dyer, Mike Koss, Brad Herbst, Joel Bissing, Tom McClellan, Brad Larsen, Mark Damit, Mike Mohr and Barry Proctor.

### Viking lightweights win their division, now play for title

The Antioch Viking Lightweights won their league's North Division championship Sunday by defeating the Fox Lake Cardinals 22-0.

The first Viking drive was advanced down field by Tad DeRousse, Joel Bissing and Les Zitkus, who ran the final 25 yards for the touchdown.

In the second quarter, Tom Adams threw a 20-yard pass to Steve Edmonds for another Viking T.D. Despite a stiff wind, Derek Olsen kicked for two more points.

Quarterback Adams then completed a 25-yard pass to Phil Aschbacher, who scored the third T.D. Again Derek Olsen kicked the extra two points, making the halftime score 22-0.

ANTIOCH CONTAINED Fox Lake throughout the second half. Viking John Humphreys intercepted a Cardinal pass early in the second half. Fox Lake intercepted a Viking pass and, after running 22 yards, was stopped by Edmonds and Zitkus.

Later, another Cardinal T.D. attempt was foiled by Vikings' Adams and Dan Berkiel.

THE LIGHTWEIGHTS have an undefeated and unscored-upon conference record.

Winnetka, the Central Division champion, and Antioch, the North Division champion, will meet Sunday, to battle for the championship of the Junior Football League of northern Illinois.

The game will be played at the New Trier East High School field at 12 noon.

Winnetka beat the Vikings 18-12 in double overtime early in the season.

## 3 tie for first in football contest

The season's final Antioch News football contest was closer than the game itself.

Antioch's Sequoias defeated Grant 14-8 and four of the forecasters accurately predicted the six-point victory.

Also, three of them picked the Bears to win by three points in the tie-breaker, so there was a three-way tie for first in the contest.

TO BREAK THE TIE we then picked the three names out of a hat.

Winning the two first prizes, a \$15 gift certificate at BJ Rush Photo Studio and a \$10 gift certificate at the Ben Franklin Family Center, was Tim Huebner.

The two second prizes, a \$10 gift certificate at Lyons-Ryan Ford and a \$5 gift certificate at Gibbs & Jensen's Carousel, will go to Don Rodgers.

THE THIRD PRIZES, a \$5 gift certificate at Candlelight Galleries and a \$5 gift certificate at Area Glass & Mirror Co., will be sent to Thelma Keulman.

George Keulman also picked Antioch to beat Grant by six points, but he forecast a 10-point victory for the Bears in their game against Seattle and had to settle for fourth place.

Think of your car as an athlete which needs to warm up gradually. Rev-up slowly.

## 2 teams remain unbeaten

Two teams stayed undefeated last week in the new Antioch Men's Basketball league.

Century 21 defeated Maestrazi Brothers 53-48 and the Limerick Lounge sunk The Wharf 56-42. Both winners now have 3-0 records.

THEY RETURN to Antioch High School's south gym on Thursday night.

The Limerick plays the State Bank (0-3) at 6:30, Century 21 plays BJ's Sports Center (1-2) at 7:30, and The Wharf takes on Maestrazi Brothers at 8:30 in a game that matches teams with 1-2 records.

IF THEY win this week, the Limerick and Century 21 will take 4-0 records into their showdown on Thursday, Nov. 16.

In last week's win, Century 21 was led by Rick Dvorak with 11 points, and Steve Owens and Jim Shore with 10 each.

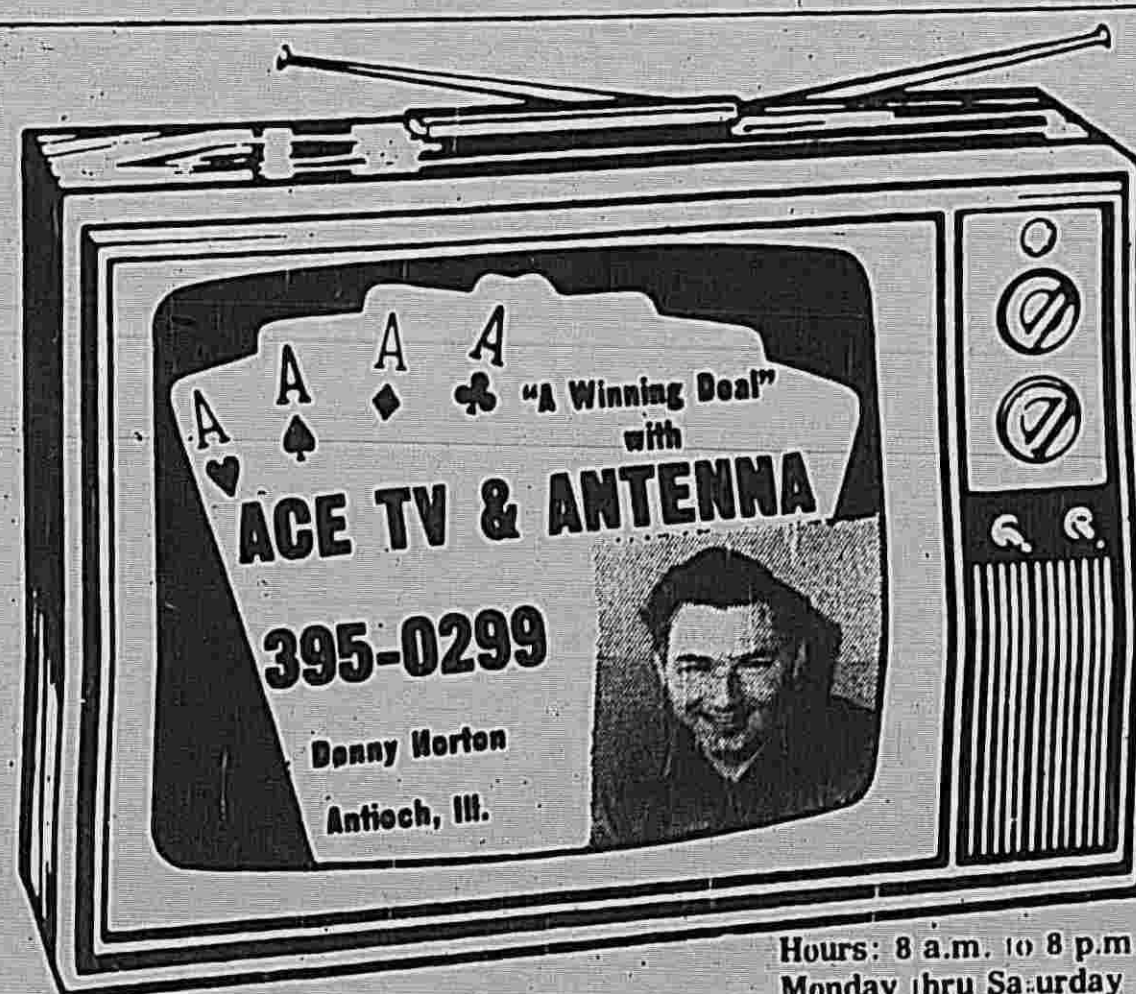

Mike Perrone once again

paced the Limerick with 15 points while Mike Tylkowski had 12 and Dick Wolf 9.

Steve Pilcher and Don Norwick each scored 11 for The Wharf.

## Sophs end season, 3rd in league

Last Saturday's 14-0 loss to Grant closed Antioch High's sophomore football season.

The future Sequoits, coached by Tom Baba,

finished with a 4-5 record but were third in their conference with a 4-3 standing.

Two big scoring plays, passes covering 61 and 56 yards, gave Grant's sophs the two-touchdown victory.

Grant gained 236 yards while Antioch's total offense was 161 yards. The home team ran 57 plays to Grant's 40.

Mark Pomazak was Antioch's leading ground gainer with 70 yards in 13 carries.

Continued from page 15

runaway pass receiver on the Antioch 7.

Crichton finished with four tackles, Tim Plett with six (including two sacks of Grant's quarterback) and Mike O'Hara made six tackles plus recovering a fumble.

Chuck Bogaerts also made a key defensive play, knocking Keith Kelly, Grant's quarterback, out of bounds on the one-yard-line in the first quarter.

CRICHTON'S PASS INTERCEPTION set up Antioch's first touchdown, a 22-yard pass from Rob Nauman to Schroeder.

Grant went ahead 8-7 early in the fourth quarter on a 38-yard pass play from Kelly to 200-pound Jon Miller.

But Antioch charged back, marching 77 yards in 10 plays for the winning points. Senior running back Greg Bodin slashed for gains of 30 and 15 yards and then hammered through Grant's line from the 7 to score the TD.

AS FAR AS we can determine, Antioch football player Dan Behne set a school record this season by kicking 17 extra points.

The previous record, we believe, was 15 by Mike Sterbenz in 1965.

Sterbenz also scored eight touchdowns that year and was one of four Antioch players selected to the all-conference team.

The others were Tom Blackman, Brad Ipsen and Tyrone Walls.

## REFLECTIONS ...

By LINDA BARNES

There once existed in a far-away land a tiny but nevertheless great kingdom called Sagitopia.

In this kingdom, both subjects and royalty seemed fairly content, except for one royal problem.

It seemed that the subjects of Sagitopia were not at all ruled by the noble royalty; but subjects and royalty alike were ruled by one mighty and powerful force — the clock.

Now the noble king of Sagitopia was distressed with this royal problem. And so, one day he decided to post a royal decree.

THE KING DECLARED that, henceforth, all clocks and timepieces should be forever banned from the kingdom.

At first, all of the noble subjects grumbled and mumbled and complained. They thought they could never live without this mighty and powerful force.

But soon, some very extraordinary things began to happen.

People began to stop on the streets and greet each other and talk and laugh without hurrying or looking at their watches.

THERE WAS NO reason to rush — no time-clock to punch — no deadlines to meet — no schedules to keep — no appointments to be exactly met.

And there was plenty of time for all of the things the subjects had wanted to do but never had the time — a painting, a sketch, a book, or a long, unlocked conversation.

People began to notice the small pleasantries in the kingdom — a singing bird, a falling leaf, the caress of the wind at the cheek. And this brought sweetness and fullness to their lives.

THE CHILDREN of the kingdom were particularly happy. There was no bedtime, or school-time, or mealtime. And no demands from moms, dads and teachers to perform and accomplish before the children were truly ready. And much to the surprise of the adults in the kingdom, their children began to assume their own natural, internal schedules, which operated without coaxing or nagging.

All of the subjects of the kingdom found that they began to relax and flow with each and every day — and to willingly accept what each day brought.

AND THEIR LIVES began to assume a natural rhythm, undisturbed by the compartments and distortions of their own conceptions of time.

And soon, those noble subjects of the great kingdom of Sagitopia found they had divorced themselves from what Ernest Hemingway described as "the most exciting perversion of life — the necessity of accomplishing something in less time than should truly be allowed for its doing."
